

Barrelback Inboard hardware

The following hardware is used on the Barrelback. These items are called out on the plans. The "Key" refers to notes on the drawings. "Part No." refers to Items in the Glen-L "Inboard Hardware" catalog online or "Boatbuilding Supplies & Marine Hardware" Catalog.

NOTE: We recommend that you make a mock-up of your engine and prop shaft prior to ordering the parts below to verify the angles and determine the shaft length.
